ENORMOUS CONSUMPTION OF THE NOXIOUS WEED IN THIS CITY.

Interesting Facts About the Consider-Peculiarities of Purchasers - These Who Smoke and Those Who Chew-List of Smokers and Their Pavorite Brands.

A very few of our people have any idea of the amount of tobacco consumed in this city every day. It would surprise them, no doubt, when they are told the following facts regarding the quantity of cigara, chewing and loose smoking tobacco that is seld in the city of Springfield every day. tobacconist, prominent whose opinion was asked, gave us the follow ing facts: "I think it would be a fair estimate to say that at least ten thousand cigars are sold every day in the year. Cigarettes are none the less in demand, considering the number of smokers. I place their average sale per day at from four to five thousand. The quantite of smoking tobacco I place at from fitty to sixty pounds. As to the average number of pounds of chewing tobacco, two hundred is, perhaps, as correct an estimate as could be made. Drummers, as a rule, call for ten-cent cigars, and some go higher, but it is a rare thing for a traveling salesman to smoke a five-cent cigar. Dry goods merchants are the poorest cigar smoker of any of the city business men.

Cigareties are smoked less in winter more in summer, but with cigars it is just the opposite. Theatrical managers and stars smoke twenty-five-cent cigars, as a rule. This applies to prominent politicians and "bloated bondholders," too. The majority of the wealthy men of the city smoke ten-cent cigars, and seldom go any higher. There is an odd fact in connection with the sale of cigars this year, and that is, a large majority of cigars smoked are light ones. It is seldom to find a regular smoker, especially an old one, who calls for dark cigars nowadays, and most of the traveling cigar drummers carry more of the lighter article with them than the dark. Among business men more cigars are sold to profes sionals than to any other class. Doctors and lawyers (we don't mention preachers at all) almost all of them smoke, and they demand the finest ten cent cigar in the market. No one brand of cigars or tobacco can be said to be more popular than any other. The taste for them is the same as for victuals. One person will enter a cigar store and call for a ci-gar that he shinks the best, and per-haps another will come in right after him and call it a "cabbage stalk." The dealers claim that plug tobacco is the meanest and hardest tobacco to sell of any other kind. They will have, perhaps, twenty different kinds, and a man will come in, and call for a dime's worth of —; the dealer will say he is "just out, but has some as good." No, that won't do. The dealer will refer to exactly the same tobacco, but under a different name. But the man chews the name, and not the tobacco.

"Star," "Spear-Head," and "Piner-Heidsic" are the first three favorites in plug, and "Fountain," "Globe" and "May-Flower" are called for mastly by the chewers of fine cut. A list of the principal smokers among our prominent old men and young men and their favorite brands was taken by a reporter and is given below, as accurately as possible: Et. CURES FOR PILES.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some effection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itch-ing, after getting warm, is a common at-tendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Sold by Ad. Bakhaus & Co.

JOHN H. YATES, of Batavia, N. Y., says

"I cheerfully commend Your AROMATIC WINE; It did new life and vigor send
Through this weak frame of mine.
It did for all my stomach ills
More than the doctor and his pills."
